# Long term pet care in bite size portions

Whether you are a new or an existing client, we would like to thank you for choosing our practice. Our aim is to provide the best possible health care for your pets in a pleasant, friendly environment.

At **Flynn Veterinary** we are committed to keeping abreast of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. We believe that prevention is better than cure, rather than waiting until an animal is ill and suffering to put things right. Early diagnosis of health problems will help your pet to live a long and healthy life.

A pet health plan is not pet insurance. It covers the regular treatments your pet needs throughout life, such as vaccinations, flea and worm treatments and regular health checks. Extra benefits include discounts on food and other routine treatments your pet might need. Read on for more information, or speak to one of our team today to find out how you can save money and worry, while providing for your pets ongoing health.

## Prevention is better than cure!

Our practice membership scheme provides pet owners with the support they need to help their pets stay fit and healthy. Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments.

In addition, an overall clinical examination provides pet owners with peace of mind as we carefully monitor the general health of your pet and offer advice, support and treatment planning. This can reduce or prevent problems arising in the future.

Furthermore, the cost of maintaining the general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.

Whilst spreading the cost of routine treatments, all members then qualify for additional discounts on other items in the practice.

Pets in the **Healthy Pet Club** can be covered for Accidental Injury up to £2,500 per incident up to a total of £5,000 in any 12-month period (an excess applies). This option is available for only a small additional charge per pet, per month.
